

NEXUS Automotive International and Cummins Inc. join forces to develop N! HD supplier portfolio

Geneva, January 22nd, 2025 – NEXUS Automotive International is delighted to welcome Cummins Drivetrains and Braking Systems, experts in the heavy-duty parts aftermarket segment, to its supplier portfolio. This partnership aims to accelerate the global growth of its heavy-duty component sales starting January 1st, 2025.

NEXUS Automotive International and Cummins Drivetrain and Braking Systems (CDBS) announced today an agreement of terms in principle designed to boost parts and aftermarket revenue worldwide. The partnership encompasses strategic opportunities, training initiatives, and an expanded range of offerings, which will deliver mutual benefits to both organizations and the independent automotive aftermarket industry.

This agreement enables NEXUS to leverage its extensive expertise in the heavy-duty aftermarket sector while providing Cummins with increased visibility within the N! community. This includes the highest-quality braking and driveline components for heavy commercial vehicles. The product range will feature Meritor-branded, Euclid, and all-make categories.

Janusz Zielinski, HD Business Unit Director at NEXUS, stated: *"The cooperation with CDBS showcases NEXUS' priority of working with global tier one suppliers. This partnership reaffirms our strong commitment to promoting a sustainable aftermarket. Additionally, CDBS' remanufactured parts program supports fleets in meeting all sustainability requirements."*

Terry Livingston, Global Business Development Leader at Cummins, added: *"We intend to leverage NEXUS' established global distribution network to accelerate CDBS' independent aftermarket channel sales. Growth efforts will focus on increasing revenue in Europe, North America, Latin America, the Middle East, Africa, and Asia-Pacific for our heavy-duty components."*

About Cummins Inc.

Cummins Inc., a global power solutions leader, is comprised of five business segments – Components, Engine, Distribution, Power Systems and Accelera by Cummins – supported by our global manufacturing and extensive service and support network, skilled workforce and vast technological expertise. Cummins is committed to its Destination Zero strategy, which is grounded in the company's commitment to sustainability and helping its customers successfully navigate the energy transition with its broad portfolio of products. The products range from advanced diesel, natural gas, electric and hybrid powertrains and powertrain-related components including, aftertreatment, turbochargers, fuel systems, valvetrain technologies, controls systems, air handling systems, automated transmissions, axles, drivelines, brakes, suspension systems, electric power generation systems, batteries, electrified power systems, hydrogen production technologies and fuel cell products. Headquartered in Columbus, Indiana (U.S.), since its founding in 1919, Cummins employs approximately 75,500 people committed to powering a more prosperous world through three global corporate responsibility priorities critical to healthy communities: education, environment, and equality of opportunity. Cummins serves its customers online, through a network of company-owned and independent distributor locations, and through thousands of dealer locations worldwide and earned about \$735 million on sales of \$34.1 billion in 2023.
