

NEXUS Automotive International creates an Ecommerce business unit & appoints Robbie Stevens as Head of Ecommerce Business Unit

Geneva – January 18th, 2023 - ***NEXUS Automotive International, the Automotive Aftermarket Company, is delighted to announce the launch of a new business unit dedicated to Ecommerce. Robbie Stevens is appointed Head of Ecommerce Business Unit starting in January. His appointment will allow NEXUS to answer to the needs and priorities of its community and in fine, support growth and the upcoming transformation.***

A new business to better fit the priorities of the N! community

The launch of the Ecommerce Business Unit - such as the launch of the Heavy Duty one - is the perfect illustration of how N! supports its community to accelerate and generate growth and move from "Parts" to "Parts and Services" through the diversification of its activities.

On one hand, the creation of this dedicated Ecommerce Business Unit is answering the needs of the Ecommerce players – which are part of N! community since its creation in 2014 – to create value. This department will, on the other hand, create tools and services for the traditional players to support the upcoming transformation.

Ultimately, this new Business Unit could generate new entrepreneurial initiatives that could become future start-ups incubated by NEXUS.

For 20 years, Robbie Stevens career path has developed within the automotive aftermarket. First, he founded his own successful automotive online company before joining Mister-Auto, as Head of Marketplace Business Development to expand their global marketplace footprint. Then, Robbie was promoted to Country Manager (UK & Ireland) in 2017, before becoming 'sales-focused' as a freelance. Robbie then launched Ford Motor Company's first ever B2C ecommerce Strategy with webshops and marketplaces in the big 5 EU markets along with North America as Head of Global Sales Growth & Marketing for Autonative.

"We are very happy to welcome Robbie, who perfectly knows the industry - and start the new year with such a major project for N!. Indeed, innovation is part of N! DNA since its creation, our motto is to focus on keep supporting our community and provide some tools to lead the transformation; as we did the previous years and we will for the coming ones!" **said Gael Escribe, CEO of NEXUS Automotive International.**

About NEXUS Automotive International

Established in 2014 by CEO Gaël Escribe, NEXUS Automotive International, the automotive aftermarket (AA) company, is shaping the future of the AA.

Thanks to an entrepreneurial, innovative and agile mindset, N! disrupts the industry bringing innovative solutions for a more sustainable, digital and connected mobility. At the same time, it supports its community of more than 150 members in 140 countries, allied with 76 global suppliers, by providing services to accelerate their growth.

N! is offering new approaches and new ideas for a connected, global and consolidated world of tomorrow to accelerate the success of car and heavy duty spare parts and services distributors and manufacturers, through 18 regional structures that connect them.

NEXUS' consolidated turnover was more than 39 billion euros in 2022.
