**AUTOLINE (Armenia)**

autoline.am

Founded in 2007, Autoline ("GAP" LTD) is the official representative of the leading American, European and Korean spare part manufacturers in Armenia. The company has partnered with more than 20 leading brands and is engaged in both the retail and wholesale trading of spare parts.

Its warehouse, strategically located in Yerevan, can stock more 17,000 different parts, which enables the company to always satisfy the needs of its customers.

Autoline is joining NEXUS Automotive Eurasia by October 1st, 2018.

DEBRIA D.O.O.**DEBRIA D.O.O (Slovenia)**

debria.si

Debria, created in 1994, is one of the national leading sellers of spare parts for trucks, trailers and buses in Slovenia.

With the objective of being as close as possible to the truck driver, the company has opened 4 branches around Slovenia, Ljubljana. Offering quality spare parts at affordable prices, which can be the basis for long-term and mutual honest cooperation. In addition to established brands, Debria is expanding its portfolio with new suppliers of water, oil, air and compressor air conditioners.

Debria D.o.o is joining NEXUS by October 1st, 2018.

**KPP CENTR LLC (Ukraine)**

strans.ua

KPP CENTR LLC (Strans) is one of the biggest Ukrainian trucks, tractors and trailers parts distributor with a national network of 24 stores. The company started its activity in 2005. Its customers have the opportunity to take any product, look, evaluate it and make sure it suits them. Fast national logistics is one of the most important advantages of the company, which is able to offer technical support for a car breakdown in any part of Ukraine. Its service station provides a range of service offerings for repair and technical maintenance. Almost 400 professionals work for Strans. The company is continuing to expand its chain of stores, increasing sales of spare parts and related services.

Strans is joining NEXUS by October 1st, 2018.

UKRAINE

SHANGHAI CHEXIANGPEI TECHNOLOGY CO Ltd (China)

chexiang.com

Shanghai Chexiangpei Technology Co Ltd is the supply chain company that manages the supply chain of aftermarket products for Chexiangjia workshops chain, a services provider offered by SAIC group. Chexiangjia, now with 1500 shops open in China, is the innovative solution for SAIC group to get themselves into Chinese IAM business.
